A Brave New World: Making Change Beyond Me

The Enneagram and Consciousness

March 22-25, 2012
at Camp McDowell

Kept within the container of Christ, the amazing spiritual method of the Enneagram will be used to help participants undergo the liberating experience of self-realization, practice the power of presence and take their spiritual life to a deeper and broader level of awareness. As Gandhi said, "Be the change you see in the world." Here is the opportunity to begin!

If you are a lay person interested in spiritual transformation; clergy, pastoral counselor, lay minister, spiritual director, mental health professionals, L.P.C., psychologist, social worker or leader in business, government and industry interested in raising consciousness in the work place, if you have gone through a life changing loss, you should take advantage of this unique and accessible way toward growth. Intriguing topics like *Types & Consciousness; Levels of Integration; Cinema & Type; The Essence; The Soul Child* interspersed with reflection, discussion, yoga, and free time will provide space for movement and refreshment.

Joseph B. Howell, Ph.D., Conference Leader

a clinical psychologist, has been teaching the Enneagram to numerous groups across the region for over 25 years. He has studied with the Jesuits of Cleveland, Ohio, with Don Riso and others. He will be supported by a dedicated staff with years of training and experience.
